

Hello!

Thank you for choosing my assets! I've put a lot efforts, energy and love in creating them. I hope you will find them a good use!

Working with source files

This graphics was created in Inkscape - a free and open source vector graphics editor (www.inkscape.org). SVG format is also supported by Adobe Illustrator, CorelDRAW and other vector applications. EPS and AI files can be opened and modified in Adobe Illustrator. This graphics is 100% vector, so it is easy to edit, change color and save in any needed size.

Rates & Comments

Let one know what you think of the graphics and it will help to improve it! Leaving reviews, comments & and rate products greatly helps the creators to spread the word.

Credits

You can credit me as "AhNinniah" or "Olga 'AhNinniah' Bikmullina". Thanks!

■ It's optional and entirely up to you
